**From the President:**

Happy New Year, Happy 2011 to everyone.

New Years always seems a time for reflection and thinking about what opportunities, challenges and surprises might be ahead. I have often been asked what it is about the League that is special and important to me. My answer would be our mission helping all people to participate in government and providing them with all sorts of information: information on issues, voting procedures, candidates and ballot issues. I would also include our study, consensus and informed action on public policy, this is important to my informed participation in government. As we have been hearing recently, it is the right thing to do.

There are other aspects to the League. I have been asked what is in it for me? There is a lot besides feeling good. By participating in the League all sorts of unexpected things can happen, sort of a personal awaking, realization – I can do that, when it may be something you had never thought of. This could be life changing, simply to you as an individual. It could be going back to school, starting a new business, organization for office holding and being a leader in your community. I only need to mention one name: Eleanor Roosevelt. It can mean learning new skills, how to budget for an organization, use a spreadsheet, design and maintain a web page and many, many more. You will feel different. My thoughts have been - it has been scary, what have I gotten myself into, oh, that was not so bad, and I could be proud that, yes, I did that!

I would like to offer each of you in this new year the opportunity and challenge to learn something new, and to grow and learn more that you thought you could and enjoy it.

Call me or the office and watch the In League for opportunities. They can be simple things like serving on a committee, joining the observer corps or bigger if you want, such as guiding our fundraising efforts. It is up to you. I believe I can promise you, you will be glad you took that step and you will profit from what is in it for you.

# WHERE THE LEAGUE STANDS – IMPORTANT ISSUES!!!

## THE ENVIRONMENT: COAL ASH

This article continues the presentation of background information on Sustainability. Coal ash is a byproduct from coal combustion and is created when coal is burned to generate energy. It is what is left after burning of coal to generate electricity. It includes boiler slag, scrubber sludge, fly ash and bottom ash. Worldwide coal fired power plants are the major producers of coal ash. Some components of coal ash are re-used in such products as concrete, but there is still considerable material that must still be isolated and stored to prevent pollution. Coal ash contains heavy metals and toxins such as arsenic, barium, cadmium, chromium, lead, mercury, selenium and thallium (and others) that are harmful to human health and the environment.

These toxins can contaminate ground and surface waters. Airborne fly ash is a dangerous pollutant causing many health problems. Another fly ash component of some concern is lime. Lime chemical reacts with water to form calcium hydroxide giving fly ash a pH somewhere between 10 and 12, a medium to strong base. Living beings (humans, animals, plants, fungus etc) cannot tolerate extremes in pH so that this alkaline pH can be just as damaging as acid rain to all living creatures. Failure to contain coal ash properly can lead to catastrophic problems. This was demonstrated with a coal ash spill in Tennessee in 2008 generated over one billion dollars in damages.

AmerenUE is proposing to site a 400 acre 100 foot tall coal ash waste project on 1100 acres of the Missouri River bottomland. This land is on the floodplain of the Missouri River and would store coal combustion waste from the Labadie power plant as well as other plants. The Missouri River provides drinking water to St Charles and St. Louis Counties. The Labadie Environmental Organization, <http://www.leomo.info/>, has been formed in response to this proposal. EPA, which previously did not regulate coal ash, is in the process of establishing the Coal Ash Rule which would regulate coal ash as a hazardous material. A Coal Ash Rule Comment Period was recently concluded.

The Habitat for Humanity Third Phase Project located in North Saint Louis this year was stopped when it was determined that the property to be used was contaminated with coal ash. This property must be mitigated with the remove of the surface soil prior to the building of homes.

By taking small steps to conserve energy (turning out lights when you leave the room), we can reduce the need for additional coal powered plants and reduce the generation of coal ash.

## THE LEAGUE AT WORK

### ***Observer Corp: LOOKING FOR OBSERVER CORPS VOLUNTEERS!!***

Part of the League's mission is to be well informed about what our government is doing. An effective way of doing that is to train and deploy volunteers to just attend and observe government bodies. It might sound tedious, but that's what it takes to really know what's going on, and if you stick with it, you become an expert! We need to grow our experts. If you are interested in becoming an Observer, please email Kathleen Kelly @ [dkbkmk01@swbell.net](mailto:dkbkmk01@swbell.net) or call 314.533.3972.

# **COMMITTEES AT WORK**

## **HEALTH CARE COMMITTEE**

The League of Women Voters Health Care Committee will meet on Thursday, January 13 at Cape Albeon at 10:30 a.m. in the private dining room. We will be discussing the Affordable Health Care Act signed by the president. There still seems to be much discussion and confusion surrounding our understanding and the League's position.

Call Katharine Kilpatric at 636.861.7148 if you have any questions relating to directions to the meeting place or if you plan to attend. Cape Albeon from Highway 270 and Dougherty Ferry. Go west on Dougherty Ferry to Lake Bend Drive, (after you cross Big Bend) Left on Lake Bend Drive and you are there.

*Katharine Kilpatric, Chair*

## **INTERNATIONAL RELATIONS COMMITTEE**

The International Relations Committee will meet on Friday, January 14 at 10 a.m. at the St. Louis County Library Headquarters. Our study topic is China. All are welcome to attend.

*Judith Smart, Chair*

## **ENVIRONMENTAL QUALITY COMMITTEE**

The next meeting of the Environmental Quality Committee will be Tuesday, January 11 at the League Office at 5:30 pm. Dessert will be provided. The Topic for this year is Environmental Quality and Sustainability. Contact EQ Chair, Mickey Croyle ([mcroyle@wustl.edu](mailto:mcroyle@wustl.edu) or (314.395.7876) with suggestions or questions. We will continue to work on preparing for the March Unit Meeting and planning a General Meeting.

*Mickey Croyle, Chair*

## **EDUCATION COMMITTEE**

The LWVSTL Education Committee met on November 20<sup>th</sup> and again on December 11<sup>th</sup>. We are off to a good start with preparing for the national study, the Federal Role in Public Education. The study will focus on upon three major areas:

- Equity (which includes ESEA funding)
- The Core Standards and Assessment (National Curriculum)
- Historical development of the Federal Government in Public Education

The timeline has been established to receive the study materials by March or April, study the proposed consensus questions beginning in May with local completion by November, 2011. At our meeting on December 11, some members who critiqued websites of organizations addressing the Federal Role in Education shared their findings. In addition 6 Chapters of "Death and Life of the Great American School System" by Diane Ravitch were reviewed and discussed by those in attendance. Another recommended book

for reading is Linda Darling Hammond's "The Flat World and Education" How America's Commitment to Equity Will Determine Our Future.

Our next meeting will be on January 15, 2011 at 9:30 am at the League Office.

If you are interested in serving on this committee or planning to attend in January please let me know. In case of inclement weather and cancellation, you will be notified.

The City Unit will meet on Saturday, January 8th to review local League positions. Those include our support of St. Louis City revitalization, which is particularly timely given the current debate over the Ball

Park Village project and City budget problems. Other positions include our support of the city revision for reducing the size of the Board of Aldermen. All are welcome to join our lively group to discuss these timely issues over hot tea and coffee and some healthy post holiday treats. Our meeting is from 10:30 till noon at Trinity Episcopal Church at the corner of Washington and Euclid in the Central West End. If you need more information or a ride, call Kathleen Farrell at 314.773.2876.

## **EXECUTIVE DIRECTOR REFLECTIONS – Anna Mennerick**

A new year, a fresh start, the next 90 years of the League begins now, January 2011. What a great foundation we have under us. This new year offers us the opportunity to build on that foundation and move St. Louis, Missouri and the United States toward the goal of good government. We are already poised to provide training in civility, protect voter access, and promote campaign finance reform.

Be a part of this effort, not only with your membership and financial support, but add your voice and time in 2011. Call your new legislators, let them know what is important to you. Need help with how to start? We have resources available to you. Lend your time and talents to the work of the League office. Share a skill or develop a new one. And there is no better way to get excited about the League than to attend the Missouri Convention in Kansas City on May 21st. Put it on your calendar now for energizing camaraderie. It is going to be a great year for the League, be a part of it!

**Join Us for "Shadowlands" the Annual Theatre Party Event,  
February 5<sup>th</sup>**

We are excited to announce this year's Annual Theater Party Event and are looking forward to your support. This year we are presenting the Mustard Seed Theatre's production of *Shadowlands* by William Nicholson. The play explores the unlikely love story between Oxford professor and author C.S. Lewis and American poet Joy Gresham.

The play is much more than a Goodbye Mr. Chips-style tearjerker about Gresham's affliction with cancer and eventual death.

The show will be on Saturday, February 5, 2011 at Fontbonne University Theatre, 6800 Wydown Blvd. and will begin with a reception at 12:30 p.m. followed by the performance at 2:00 p.m. The venue at Fontbonne will provide a good seat for everyone and parking is located right next to the Fine Arts Building.

Requests from the community for our services come year-round – not just at election time. The League brings nonpartisan information to voters, and works to empower an active electorate in the St. Louis region. That is why your support of the Annual Theatre Party is critical to sustain the League's work throughout the community. Join us at the Party!
